

114TH CONGRESS  
1ST SESSION

# H. R. 3663

To prevent certain discriminatory taxation of natural gas pipeline property.

---

## IN THE HOUSE OF REPRESENTATIVES

OCTOBER 1, 2015

Mr. FLORES (for himself and Mr. GENE GREEN of Texas) introduced the following bill; which was referred to the Committee on the Judiciary

---

# A BILL

To prevent certain discriminatory taxation of natural gas pipeline property.

1       *Be it enacted by the Senate and House of Representa-*  
2       *tives of the United States of America in Congress assembled,*

3       **SECTION 1. LIMITATION ON DISCRIMINATORY TAXATION**  
4           **OF NATURAL GAS PIPELINE PROPERTY.**

5       (a) DEFINITIONS.—For purposes of section:

6           (1) ASSESSMENT.—The term “assessment”  
7       means valuation for a property tax levied by a taxing  
8       authority.

9           (2) ASSESSMENT JURISDICTION.—The term  
10      “assessment jurisdiction” means a geographical area

1       used in determining the assessed value of property  
2       for ad valorem taxation.

3                     (3) COMMERCIAL AND INDUSTRIAL PROP-  
4       ERTY.—The term “commercial and industrial prop-  
5       erty” means property (excluding natural gas pipeline  
6       property, public utility property, and land used pri-  
7       marily for agricultural purposes or timber growth)  
8       devoted to commercial or industrial use and subject  
9       to a property tax levy.

10          (4) NATURAL GAS PIPELINE PROPERTY.—The  
11       term “natural gas pipeline property” means all  
12       property, real, personal, and intangible, used by a  
13       natural gas pipeline providing transportation or stor-  
14       age of natural gas, subject to the jurisdiction of the  
15       Federal Energy Regulatory Commission.

16          (5) PUBLIC UTILITY PROPERTY.—The term  
17       “public utility property” means property (excluding  
18       natural gas pipeline property) that is devoted to  
19       public service and is owned or used by any entity  
20       that performs a public service and is regulated by  
21       any governmental agency.

22                     (b) DISCRIMINATORY ACTS.—The acts specified in  
23       this subsection unreasonably burden and discriminate  
24       against interstate commerce. A State, subdivision of a  
25       State, authority acting for a State or subdivision of a

1 State, or any other taxing authority (including a taxing  
2 jurisdiction and a taxing district) may not do any of the  
3 following such acts:

4 (1) Assess natural gas pipeline property at a  
5 value that has a higher ratio to the true market  
6 value of the natural gas pipeline property than the  
7 ratio that the assessed value of other commercial  
8 and industrial property in the same assessment ju-  
9 risdiction has to the true market value of the other  
10 commercial and industrial property.

11 (2) Levy or collect a tax on an assessment that  
12 may not be made under paragraph (1).

13 (3) Levy or collect an ad valorem property tax  
14 on natural gas pipeline property at a tax rate that  
15 exceeds the tax rate applicable to commercial and in-  
16 dustrial property in the same assessment jurisdic-  
17 tion.

18 (4) Impose any other tax that discriminates  
19 against a natural gas pipeline providing transpor-  
20 tation subject to the jurisdiction of the Federal En-  
21 ergy Regulatory Commission.

22 **SEC. 2. JURISDICTION OF COURTS; RELIEF.**

23 (a) GRANT OF JURISDICTION.—Notwithstanding sec-  
24 tion 1341 of title 28, United States Code, and without  
25 regard to the amount in controversy or citizenship of the

1 parties, the district courts of the United States shall have  
2 jurisdiction, concurrent with other jurisdiction of the  
3 courts of the United States, of States, and of all other  
4 taxing authorities and taxing jurisdictions, to prevent a  
5 violation of section 1.

6 (b) RELIEF.—Except as otherwise provided in this  
7 subsection, relief may be granted under this Act only if  
8 the ratio of assessed value to true market value of natural  
9 gas pipeline property exceeds by at least 5 percent the  
10 ratio of assessed value to true market value of other com-  
11 mercial and industrial property in the same assessment  
12 jurisdiction. If the ratio of the assessed value of other  
13 commercial and industrial property in the assessment ju-  
14 risdiction to the true market value of all other commercial  
15 and industrial property cannot be determined to the satis-  
16 faction of the court through the random-sampling method  
17 known as a sales assessment ratio study (to be carried  
18 out under statistical principles applicable to such a study),  
19 each of the following shall be a violation of section 1 for  
20 which relief under this Act may be granted:

21 (1) An assessment of the natural gas pipeline  
22 property at a value that has a higher ratio of as-  
23 sessed value to the true market value of the natural  
24 gas pipeline property than the ratio of the assessed  
25 value of all other property (excluding public utility

1       property) subject to a property tax levy in the as-  
2       essment jurisdiction has to the true market value of  
3       all other property (excluding public utility property).

4               (2) The collection of an ad valorem property tax  
5       on the natural gas pipeline property at a tax rate  
6       that exceeds the tax rate applicable to all other tax-  
7       able property (excluding public utility property) in  
8       the taxing jurisdiction.
